Filming and aerial survey in the Northern Emirates

Thank you for your interest in our services. helidubai is the region's premier helicopter service company providing a full-service luxury corporate and private charter flights.

The aircraft used for filming and aerial survey work is the AS350 B3 which can carry up to 3 passengers (2 from your company and 1 military officer) plus equipment. For security purposes, as required by the UAE government, we require copies of passports for all passengers prior to the flight.

1. It is the responsibility of the client to obtain written permissions from Studio City (+971 4 3914555) who will grant permission from Media City, Dubai Police General HQ & National Media Council. These permissions will have to be taken to the Ministry of Defense and a No Objection Certificate obtained. Additional individual permission(s) required from the land or site owner(s) or operators where the operation will take place, if necessary. For land or site owners or operators please obtain written permission directly. Any photography conducted without the relevant permission is not permitted. Random checks may be conducted by the relevant authority on all flights to check that such permission has been obtained. The above permissions must be faxed/emailed to us prior to the flight, as the flight will only be confirmed upon receipt and verification of such clearances.
2. Clients are responsible for ensuring that they advise us of the number of harnesses required 1 [] or 2 [] and that they bring suitable equipment to secure their equipment on board the aircraft. Apart from harnesses helidubai does not supply any other equipment.
3. Clients must provide details of all areas required for filming and permissions must be taken from any property / building owner for filming of particular properties or buildings. Ship photography and landing requests must provide the ship's name, description of vessel (TANKER / CONTAINER) diagram of landing area including plan view (OVERHEAD VIEW & PROFILE VIEW). Further coordination will be conducted with the pilot on task.

**PLEASE NOTE THAT THERE WILL BE A MILITARY OFFICER ON BOARD DURING THE
